WHAT IS E-PROFILE?

e-Profile tracks Soldiers who have a temporary or permanent condition that may render them medically not ready to deploy

- Provides fully automated profile process, from DA Form 3349 entry to routing final profile to Commander
- Standardizes profiling process
- Uses smart logic to complete DA Form 3349, including PULHES determination
- Provides view of active and historical profiles
- Eliminates duplicate entry and pocket profiles
- Automatically updates MEDPROS and the Total Army Personnel Data Bases (TAPDB)

What will e-Profile do for you?

Unit Commanders:

- Provides visibility of health and Profile status of your Soldiers
- Increases communication between you and the Providers
- Helps ensure your Soldiers get corrective intervention, either medical care or board process

Providers / Army Medical Community:

- Provides profile standardization and quality control (less returned profiles!)
- Provides fully automated profile process, from DA 3349 entry to routing
- Provides view of historical and active profiles (including draft profiles)

Plus –

- Automatically updates MEDPROS and personnel systems (TAPDBs) for determining medical readiness and assignment limitations (no dual entry!)
